

Wymondham C of E Primary School

Primary School P.E. and Sports Funding Expenditure

2024-2025 (£16310)

What is the Sports Premium?

The Government is providing funding of £150 million per annum to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

This funding will be ring fenced, and will be allocated directly to primary schools across England, providing them with dedicated resource to buy in invaluable expertise and support. Funding will be allocated through a lump sum for each school, Wymondham CE Primary will receive a lump sum of £ 16,310 for the year 2024-25.

Purpose of funding

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, you can use your funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
- run sport competitions
- increase pupils' participation in the School Games
- run sports activities with other schools

How will we be spending the Sports Premium and who will benefit?

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that the higher attaining children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development. We also agree that all children should be encouraged to develop healthy lifestyles.

Swimming

Children across all year groups had weekly swimming lessons during the autumn term. Two teachers plus learning support assistants and family members help with supervision to the Leisure Centre in Melton Mowbray, where there are two pools for all abilities.

The children are taught by fully qualified swimming instructors. Children work towards specific targets. Competent swimmers are taught aspects of personal survival, whilst new swimmers are sensitively encouraged to feel safe in the water before learning correct strokes and water skills.

Meeting national curriculum requirements for swimming and water safety	2023-2024
Number of Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres	1/1
Number of Year 6 cohort who can use a range of strokes effectively (for example, front crawl, backstroke and breaststroke)	1/1

Number of Year 6 cohort who can perform safe self-rescue in different water-based situations?	1/1
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements, but we haven't used it in this way to date.
