

## Test Results

Here are our assessment results for **2016** (Academic Year 2015/16).

Caution should be taken when analysing figures of very small cohorts like we have here at St Peter's Wymondham. When publishing results and providing information about our small cohorts, we have to be very careful that the information doesn't highlight information which identifies individual pupils.

Overall, we are thrilled with the outcomes our children have achieved. Our figures are mostly above national and/or local averages which is a significant achievement in light of all the changes last year.
