Executive Head Teacher Mrs. A. C. Harvey B.Ed(Hons Cantab): MA: NPQH

27 November 2017

Dear parents/carers,

We are very pleased to inform you that our recent Statutory Inspection of Anglican and Methodist Schools (SIAMS) graded our school as GOOD in all areas of its provision as a Church school. The Inspection covers the distinctiveness & effectiveness of the school; the use of the school's Christian character in meeting the pupils' needs; the provision and effectiveness of worship and RE and the leadership and management of the school.

The Inspector complemented the relationships within the whole school community which are strong, reflecting its deeply rooted Christian character; the strong leadership of the Head teacher, the Assistant Head teacher and governors; the leadership of collective worship and religious education (RE) which are strong and contribute to pupils' development and how well Leaders are working with parents, the church, the diocese and the Diocese of Leicester Academies Trust to improve the school further, as a result of which standards of attainment have risen in 2017.

These areas were identified by the Inspector on the day through observing lessons & an act of Collective Worship, discussions with staff, Governors, the Academy trust and very importantly feedback and discussion with pupils and parents. The Inspector's assessment supported the school's own internal self-evaluation of our provision as a church school (also taking into account that a school which 'requires improvement' can only achieve one grade above its Ofsted grade in its SIAMS inspection)

We are committed to continuing to improve our effectiveness as a church school and the inspector commented on how the plans we are already following and our commitment to drive these forward as school leaders have set us clearly on our journey to delivering good or outstanding provision in the future.

The full report is on our website or available as a hard copy from the office.

Our sincere thanks go to everyone involved on the inspection day and we look forward to working with you to continue to develop Wymondham, St Peter's CE Primary School.

Yours sincerely,

A C Harvey

Executive Head teacher
